

SESSION ASSISTANTS & VOLUNTEERS NEEDED

Session Assistants are an important element of the ASGPP conference program. Please let us know if you are interested in participating as a Session Assistant at this year's conference. The Session Assistant Coordinators will contact you prior to the meeting, to confirm your appointment and assign you to specific workshops. Due to the limited number of sessions we cannot guarantee that all those who express an interest in being a Session Assistant will be assigned to a session.

In order to help ensure success at the conference, we also need volunteers for many activities. We hope you will offer your services both on site and prior to the conference.

If you are interested in being a session assistant or volunteer, please fill out the information at the bottom of the Workshop Registration form. OR for more information, contact: Amy Menna, 813-766-8510, menna.amy@gmail.com.
