

# IN MEMORIAM

## Mort Satten, PhD

*By Glenn Sammis, DMin, LPC, BCC, CPC, CFT, TEP*

When asked about the "meaning of life" during a psychodrama group several years ago, Mort replied that "The meaning of life," as he had discovered it, "is to create a life with meaning...that

which is meaningful for YOU." He went on to say that this was not an original saying he had coined, but that its truth had impacted him. The meaning he said he had created was "serving others — in large part, through psychodrama," which he loved and devoted his later life to sharing. When he created a life with meaning for him, he said it was then he truly found peace.

Mort Satten's devotion to psychodrama, alongside Dorothy, helped to heal and define the meaning in the lives of so many people in so many lands. Many of us feel the immense loss of our dear friend and mentor, Mort Satten.
