## September REMEMBERING September Carl Hollander

Carl Ernest Hollander, EdD, MA, TEP, LMFT, died on Saturday, April 5, 2003. He was 66 and had practiced marriage and family therapy and psychodrama in Denver for over 40 years. In the 70's he was recognized as one of the ten foremost psychodramatists in the US. In 1997 he received the J.L. Moreno Lifetime Achievement Award in Psychodrama. He had served as President of the American Society for Group Psychotherapy and Psychodrama, was a member of

its Executive Council and Publications Committee. He made major contributions to the literature of psychodrama and consulted and presented on psychodrama around the world.

Most importantly, Carl Hollander had a profound impact on almost everyone he met, spreading joy and a sense of choice in many lives around him. He loved life, art, laughter and fishing. His family came first, and he would go to the defense of any child he saw in trouble. He often treated *pro bono* clients, and made kindness his first criterion. His incomparable courage will be greatly missed by his wife, four sons, friends, and people with whom he worked. He was a true humanitarian, father and brother to many beyond his immediate family.
